Universal Priestly Blessing

יברכך יהוה וישמרך
 יאר יהוה פניו אליך ויחנך
 ישא יהוה פניו אליך
 וישם לך שלום

The music and universal translations create a beautiful space to share these meaningful words and wishes, for any and all people of all cultures and religions to join in. The refrain offers an opening for everyone to sing along with any words that mean “Peace”, and in any language or melody they may wish. Somehow, as with Universal Love of Spirit, there’s space for us all! My wish is that this somehow may be sung and shared as a bridge to reunite us all in the very peace and love we all have inside, as we were likely meant to be. ~ *Mark Fenster*
